

# GLY RESURFACER

GLYCOLIC DAILY BOTANICAL COMPLEX

pH 3.75

## SKIN TYPES

All

## SKIN CONDITIONS

Mature, Sun Damaged, Hyperpigmented and Acneic

## PRODUCT OVERVIEW

A scientifically proven exfoliating lotion containing a combination of 20% free glycolic and lactic acids. Gly Resurfacer has antioxidants and soothing extracts developed for all skin types. It will purify the skin, increase cellular turnover, address fine lines and wrinkles and brighten dull complexions. Gly Resurfacer is an essential product which is designed to be cocktailed synergistically to achieve optimal results.

## KEY ACTIVES

## BENEFITS

Hordeum Vulgare Extract &  
Solanum Lycopersicum Extract

Reduces Trans Epidermal Water Loss (TEWL) Increases skin's hydration levels and ceramide production. Reduces inflammation and the natural lipids provide a protective skin barrier

Glycolic Acid & Lactic Acid

Provides chemical exfoliation to the skin and penetrates to speed cellular renewal. They improve the appearance of fine lines and wrinkles, pores and discoloration

Crithmum Maritimum Extract

Gives a retinoid action without the negative side effects (sensitivity, redness and irritation), improves skin texture, diminishes appearance of line and wrinkles, reduces inflammation, regulates sebum production, thickens the stratum corneum and lessens scarring
